

OSHA 10 & 30 HR. MARITIME OUTREACH CERTIFICATION

These courses are designed for all people working in the Maritime Industry who need to learn more about the unique safety and health concerns at shipyards (1915 standards); at marine terminals (1917 standards); in the Longshoring industry (1918 standards) as well as associated material handling gear certification requirements (1919 standards); applicable General Industry standards by reference (1910 standards) plus Longshoremen & Harbor Worker variances (1920 standards). These are both OSHA Certification classes with individual course completions certified by OSHA's Training Center and cards issued by them through Excellence In Safety.
